Tutorial	10:00-12:00											
Workshop			10:00-10:45	Special Symposium 1 : The Future Vehicle Displays	9:25-11:00	Symposium 1 : Variety of TFT Technologies for Emerging Applications	9:25-10:35	Session 3 : FPD				
			10:45-11:30	Special Symposium 2 : Forecast of Display Market	11:00-11:10	Break	10:35-10:45	Break				
					11:10-12:45	Symposium 2 : Advanced Materials and Processes for Next Generation PVs	10:45-11:55	Session 4 : Novel Fabrication Processing and Applications				
	12:00-13:00	Lunch	11:30-13:00	Lunch	12:45-13:45	Lunch	11:55-13:00	Lunch				
	13:00-13:15	Opening Session (Award Ceremony)	13:00-14:25	Special Symposium 3 : Key Devices and Developments for Vehicle Display	13:45-15:20	Symposium 3 : Development of Fabrication and Analysis for Thin Film Devices	13:00-14:10	Session 5 : Oxide TFT Technology				
	13:15-14:20	Session 1 : Keynote Address	14:25-14:40						Break			
	14:20-14:30	Break		Special Symposium4 : Trends for Future Vehicle Display	15:20-15:30	Break	14:10-14:20	Break				
	14:30-15:40	Session 2 : New Trends in Science and Technology for PVs R&D	14:40-15:25						15:25-15:40	Break	14:20-15:30	Session 6 : Artificial TFT Applications & Sensor
	15:40-15:50	Break										
	15:50-17:10	Special Session 1 : Next Stage of Displays	15:40-17:05	Special Symposium5 : Future and Lighting Application for Vehicle Display			15:30-15:40	Closing Remarker				
Poster Session					15:30-17:40	Poster Session : FPDp / TFTp / PVp / TFMDp
